Dear Mr. and Mrs. Najafi and Justin,

There are no words in the dictionaries of the world to express our deep gratitude to each of you for your kindness in helping us offer fabulous, clean fashions to our shoppers.

We thought we died...gone to heaven...and then returned to earth when Carlos Pineda showed us the garments which we gave you which were so, so badly stained...and the Alex's MIRACLES were immediately evident! My colleague, Anita and I, were...are...literally overwhelmed.

From the bottom of our hearts, thank you for giving us such a gift. This letter will serve to acknowledge your donation of cleaning which amounted to \$164.95 per the attached invoices.

May the happiness which you have brought to us be returned to you and to yours one hundred fold.

It was a joy to meet each of you and to feel your goodness, sincerity and sensitivity. May you discover in each new day, as you continue to give the world your gift and art of cleaning, celebrations for your hearts, dear Mr. and Mrs. Najafi and Justin.

We fell in love with dear Carlos. What an incredible gentleman who symbolizes your establishment with such warmth and style.

With deep esteem,

Mrs. Joy Venturini Bianchi
